GETS LIMIT FOR COAL STEALING

John Slife Fined \$200 and Given 10 Day Jail Sojourn.

STEINEMAN IS SENTENCED

Waynesfield Man Awaiting Sentence—Wapak News.

WAPAKONETA. — (Special.) — John Slife was given the maximum penalty when he pleaded guilty to a charge of stealing coal from the B. & O. railroad. At first he maintained his innocence, declaring he did not take any of the fuel, but a visit by officials to a shed on his premises disclosed a big stock of choice lumps. He changed his plea and got \$200 and costs and 30 days in jail.

John Steineman, 58, Minster, was taken Friday to the Lima State Hospital for the criminal insane, after having been adjudged a mental derelict. Steineman was arrested May 26, charged with a retelling crime.

Attorney O. J. Boesel was appointed as receiver of the New Bremen Loan Co., in Marion-co by Judge Grant Mouser. Mr. Boesel had been appointed in this county and the action was necessary in Marion-co to liquidate assets of the defunct company has there. Bond was furnished in the sum of \$30,000.

The terms of common pleas court ended was the busiest in the history of Angliize-co. One hundred and twenty-six cases were disposed of during the term with only three jury trials.

William Osborn, former resident of Wapakoneta and now identified with the Kluwana Oil Co., in Indiana, was seriously injured near Summers, Ind., when an engine part struck him above the right eye. He was removed to a hospital in Vincennes.

The fourth of a series of out-of-town concerts will be given by the Wapakoneta Elks band at Minster Monday night. Previous concerts were given at St. Marys, Celina and New Bremen.

Carl Headapohl, 21, local boy, is recovering at St. Rita's hospital in Lima following an operation performed by a St. Marys surgeon Monday. Excessive bleeding set in and he had to be removed to the hospital. Physicians have checked the bleeding after taking five stitches in his throat.

Leonard Earl, 41, Waynesfield, is awaiting sentence in juvenile court for contributing to the delinquency of a ten-year old girl. He pleaded guilty Friday before Judge Boesel. Another man was arrested on the same charge, but was discharged after investigation.

BATH-TP WOMAN IS SUMMONED IN DEATH

Mrs. Maria Almira Slagle, 71, wife of Jacob Slagle, Bath-tp, died at her home Friday night, after an illness from heart trouble and asthma. She was born in May, 1850, in Hardin-co.

Surviving, besides the husband, are a son, Alton Slagle, city mail carrier, Lima, and three daughters, Mrs. Clara Eichenlaub and Mrs. Margaret McGee, both of Lima, and Miss Pearl Slagle, Waynesfield.

Funeral services will be held Monday morning, at an hour not yet set. Neither has the place of the service been decided upon. Interment will be in Fairview cemetery, near Kenton.

REWARD IS OFFERED FOR O. E. CAR BANDITS

Is \$100 a sufficient sum to make some one come thru with the information as to the identity of the trio of youths who stuck up a Kibbly car at the end of the line September 23rd?

That is the amount of money offered by the Ohio Electric for the arrest of the bandits. The offer is signed by B. J. Jones, receiver for the company.

The boy bandits relieved Conductor Harman Ayres, of his cash box containing \$2, at the point of a gun. The empty box was found seven miles southwest of the city, on the Fort Amanda-rd, by a farmer.

POLICE RECORDS SHOW ARRESTS ON INCREASE

Crime is on the increase in Lima according to records of the police department.

During September the number of arrests by policemen totaled 226, while in August the month previous only 106 persons were arrested. A majority of arrests were for petty offenses.

MAN ADMITS AUTO THEFT; IS HELD TO GRAND JURY

James Lechleitner, 20 of 7 Rowlands-ave plead guilty to stealing a Hudson car belonging to A. S. Weinfield, 118 S. Metcalf-st, before Judge Emmett Jackson in criminal court Monday.

The machine was taken from in front of the Argonne Hotel and driven to Ottawa. The car was abandoned there following an accident, in which it was damaged. It was found by the Ottawa police, who were notified by the department here.

Lechleitner was held to the grand jury under \$1,000 bond. He was arrested Friday night by Chief O. J. Roush and Detective Roy Bowerstock.

DOLLAR GAS FOR LIMA PROBABLE WITH VALUE FIXED BY COMMISSION

Announcement was made Saturday by the state Public Utilities commission of the valuation placed on the property of the Lima Natural Gas Co., for which it will fix a rate for gas soon. The commission found the reproduction value of the property to be \$1,319,520.82.

While the company has not been notified of the commission's finding, Emmett R. Curtin, president of the Lima Natural Gas Co., said the figures fixed would indicate a rate for Lima of around \$1 a thousand, judging by the past records of the commission.

He said that both his company and the city will have an opportunity to protest the valuation of the property, 30 days being allowed for this. Then a rate is fixed. He believed it would be nearly two months before a rate is established by the commission.

Richards Answers Final Installment Of Question

Altho hundreds upon hundreds of questions and answers have reached The Lima News or Richards or Richards to answer, his will be the final installment of replies. He remains a little Orpheum with his big show of mystery Sunday matinee and night. It has been an impossibility for Richards to answer all the letters received, for neither his time nor our space would permit the answering of all the questions, but both Mr. Richards and The Lima News have been fair in handling the replies, as the questions have been answered in the exact order in which they have reached the News office and no partiality has been shown to anyone.

First come, first served. Richards has accomplished wonders during his stay here, as he has patched up many domestic breaks, found a number of valuable lost and misplaced articles, even to one man's wife, and at the same time has been presenting the highest class and largest attraction of its kind seen in Lima for a number of years, as Richards carries a special carload of scenery, a large company and special orchestra.

The large number of letters received by Richards clearly shows the wide circulation and how well The Lima News is read, for letters have come in from all over this entire section of Ohio. If your reply did not get into these columns, take your question to the theatre either tonight or Sunday, where Richards doubtless will answer you during the mental portion of the big performance.

P. A. W.—Who stole my bound dog? Ans.—I don't mention names in such cases—the paper, but it was the man with whom you want hunting Sunday. You'll recover your dog by making proper demands on him.

E. A. C.—What can my husband do to make a living? Ans.—I can't tell you, but let it be truck farming, as your husband is not physically able to do heavy farm work. He will be in better circumstances next year.

N. L. P.—How long will my husband be in the hospital? Ans.—I see no early recovery for him, but as he is not yet an average man is true to any one woman.

R. B. R.—Can you locate my father? Ans.—I get no impression of your father, and when such a condition occurs with our science it generally means that the person no longer exists.

R. D.—When will I marry? Ans.—I see a marriage for you next year.

C. H. L.—Who stole my sister's money? She accuses me. Ans.—I cannot mention names in such matters, in part but as you are an immediate member of the family, bring your question to the theatre for a better answer.

J. E. R.—What will be the outcome of my investments? Ans.—One of your oil stock investments will bring you in some dividends, the other is not good. Your auto stock will not be so good but I see you getting money out of the motor truck stock. I advise you to stay where you are, especially for the present.

R. J. P.—With I ever be a mother? Ans.—You will be the mother of a girl in about 11 months. Yes, Roland is alive and living in Youngstown, Ohio.

L. J. J.—Will I sell that vacant lot? Ans.—You will be able to sell in about 3 weeks. A lot of the line section of this paper will bring you results at that time.

M. D. B.—Will I marry the man I am going with? Ans.—A marriage to this man would prove very unhappy for you. Nothing wrong with him except he is not the proper match for you. He would never agree. He will make some girl a good husband but is not suited to you. I see you are in the line of next year who will mean far more to you and would advise you to govern yourself accordingly.

L. K. H.—Is my dad's sickness incurable? Ans.—I am sorry to tell you that he will never fully recover. Do not tell this as it would cause him to be miserable, but it is well that you should know ahead of time. I never predict an exact date of a death, but I do advise you to be prepared.

A. S.—When is my aunt's estate going to be settled? Ans.—Not for some time yet as I see

CONFESSIONS ARE REPUDIATED

Alleged Robbers Change Pleas and Demand Hearing.

Walter S. Aldrich, Harry May, Elven Klingner and Dale Stough, charged with highway robbery of Roger Stough, a brother of Dale, on W. Elm-st Wednesday night, were held under \$5,000 bond each, in criminal court Saturday.

Harry May pleaded guilty and was held to the grand jury. The others, two of whom are alleged to have confessed, repudiated their admissions and demanded a preliminary hearing. Neither of them was represented by counsel and the date for their hearing was not set. Bonds were fixed at \$5,000 each by Judge Emmett Jackson, pending preliminary hearing.

Dale Stough and May were walking with Roger Stough in W. Elm-st late Wednesday night. At Collett-st Aldrich and Klingner are said to have halted the trio and robbed Roger Stough. According to Chief of Police Roush, the affair was a frame-up. Thursday he and Officer Rolla Glover investigated the affair and the four youths were arrested.

May, who confessed, is said to have told Roush that Dale Stough and himself stopped Roger at Metcalf-st and demanded the money, but changed their minds and told him it was a joke.

It is claimed by police that they intended double crossing their accomplices and get all the money for themselves, but weakened at the critical moment.

Aldrich and Klingner have police records and were implicated in the theft of an automobile, and a whiskey running case some weeks ago, police state. Aldrich testified for the city in the trial of former Police-sergeants Corbel and Eberle.

It is alleged that the two boys were not armed, but pointed pop-bottles at Roger Stough. Dale Stough and May were not searched.

First anniversary of church dedication to be observed Sunday.

The first anniversary of the dedication of the new Christ church, Episcopal, West and North-st, will be celebrated Sunday with impressive services. At the same time it is the purpose of the Rev. Kirk B. O'Ferrall, rector and the vestry board, to have a special offering, which will be used to reduce the church debt.

Special music for the services will be provided by a full vested choir of 25 voices. The rector will speak from the subject, "The Militant Christ." The offertory anthem will be "Great and Marvelous Are Thy Works" from Gaud's "Holy City."

Seats are free and strangers and the public will be cordially welcomed at the service.

VENEREAL DISEASE SOON A THING OF THE PAST

How the Common Sense of the World Is Helping Science Conquer This Terrible Plague.

Venerereal disease is perhaps the most common of all diseases. It causes more suffering, more shame, more deterioration than any other disorder.

It makes cripples of splendid young men, invalids of innocent wives, and provides cause for 90% of all operations in women. It blinds babies, it brings insanity and degeneration of every kind.

Yet it is the easiest of all diseases to prevent. For every single case of venerereal disease is caused by germs. And every single germ can be killed quickly and surely with PROCALINE—the ideal Prophylactic.

PROCALINE is a scientific combination of Calomel, Protargol, and a Phenol derivative, used by the Canadian Army during the War. It has the endorsement of the Pennsylvania State Board of Health. The State of New Jersey, and other states, Health Boards, Medical Societies and physicians generally are making a determined stand against the spread of these diseases.

If PROCALINE is applied within an hour after exposure, it will prevent every kind of venerereal infection—no matter of what character.

Go to your druggist today and get a tube of PROCALINE—price 30c for a two-application tube and 20c for a one-application tube.

Carry a tube in your vest pocket. Easy to use, painless, non-irritating, and absolutely without after effects.

Anybody may prevent a fire from starting—but, once started it may take the whole Fire Department to put it out. Hawthorne Drug Specialty Co., Inc., 88-90 Reade Street, New York.—Adv.

You Can Feel the Quality of a Dayton Tube

Stop In—It's a Fact

WE want you to take a Dayton Tube in your hands and feel its smooth, fine surface. To express this smooth "feel" means strength, long life, quality.

Hold a highly inflated Dayton Tube under a powerful magnifying glass. You will find it free from the impurities and foreign substances that cause ordinary tubes to leak—go down quickly.

Dayton Tubes are scientifically built up layer upon layer of special process cleaned pure gum rubber. You can feel their thickness, ruggedness, resiliency, flexibility and strength.

Dayton Tubes—red or gray—insure greater mileage for the casing. They help bear the burden and shock of every mile. They hold air longer—require less pumping.

Let us show you these qualities—the difference they will make in your tire bills—what they will save you in money, time and annoyance.

The ideal combination for any car is Dayton Tubes in Dayton Tires.

SEPTEMBER

ONE wonders if Whittier looked up the weather reports when he was writing the story of Barbara Frietchie, "Clear in the cool September morn'g." It may have been cool in Maryland on that September day of a year long-ago, but if so, the weatherman forced the village of Fredericktown to become unseasonably benignant.

September may be cool, but summer trudges thru the month for 21 days and more than occasionally does it with fevered feet. Summer and autumn are field companions during this month. August flowers give color to the meadows and roadsides, while with them in unselfish rivalry are the flowers that are autumn's.

It is the month when the migratory birds begin to feel the impulse to travel and some of the less hardy ones have already started south, fearing the frost.

September tumbles the fruits of the earth into the lap of need, unless May frost has nipped its opportunity to play the part of Lady Bountiful. This year May frosts helped to undo September.

PANIC

THERE is no danger of such a thing occurring, the jingoes to the contrary notwithstanding.

Financial disturbances are now about as nearly impossible as they can become.

Outstanding bank loans have not only been reduced in amount, but they are also improved in character. Bank reserves are ample to take care of all requirements and almost any solvent borrower anywhere in the United States can obtain a needed loan.

Financial panics invariably occur prior to credit deflation. There has been no exception to this rule, other than the sudden outbreak of war, in the entire history of the modern financial world.

The current talk of a financial panic appears to be entirely thoughtless and irresponsible.

RUSSIA

IN Moscow the soviet government offers 254 factories for lease by private capital. Twenty-six are gobbled at once. Foreign capital will take others, but not all.

What's going to happen is indicated by the frenzy of speculation in Moscow. Promoters crowd the street curbs, offering stock in cooperative companies that will take over factories.

Such cooperative societies will be many and plentiful in Russia, now that the soviets, by their new policy, bid private capital take hold of industries which the Bolsheviks tried to run and couldn't.

CANADA'S TARIFF

CANADA has a brilliant young prime minister. He has decided to go to the people on the issue of a protective tariff in retaliation against the prospective tariff policy of the United States.

He expects to win. He believes evidently that the Canadians are tired of buying from us on an enormous scale and then having our congress hatch up schemes to prevent us from buying anything at all from them.

That is human nature. The way in which our hordes are planning to keep Canadian goods from reaching us will also prevent our goods from reaching them. In this we lose and Canada gains. Perhaps some time all American business instead of just the exporters will come to understand.

The shortage of physicians is sad news for those whose ills cry out for a touch of the hand.

WHAT IS COURAGE?

WHAT is courage? What is fear? Advanced medical men say they are conditions of the adrenal glands, tiny capsules attached to the kidneys.

Walter C. Rochelo, motoring near West Pittsfield, Mass., met a herd of deer. A buck charged the auto, smashed the lamps, bent a mudguard and backed the car into a ditch. The buck fell down senseless. Was that courage? Or is it stupidity?

Then how about the daredevil who needlessly risks his neck without good cause?

HARDER TODAY

THE man of average intelligence who lived a century ago would be an ignoramus today. And the intellectual of today is an ignoramus compared with man of the future.

The average of intelligence moves forward, slowly but surely. Result: Each year it becomes increasingly difficult to make yourself stand out from the mob.

Franklin was considered a wizard when he flew a kite and brought electricity from the clouds. Now Steinmetz has to handle 1,000,000 volts to attract real attention.

SALMON PRICE

THE catch of Alaska and Columbia River salmon this year is half less than last year's. Salmon packers are reported to be jubilant at the rise in price that may follow.

That's looking at the thing with near-sighted eyes. Other foods are cheap. High prices will curb sales of canned salmon. Better to sell 10 cans at a net profit of 20 cents than five cans at a profit of 15 cents. Volume of sales, not individual profits, is the new regulator of prosperity.

LEGION

OHIO men in the world war, now members of the American Legion, assembled in Toledo for their annual convention.

They considered a lot of forward-looking propositions and adopted resolutions that were to the point. They endorsed a small, highly trained regular army, a national guard and trained reserves.

They demand that all citizens, particularly uniformed public servants, show proper respect for the flag.

They demand that all school rooms in the state be provided with flags.

They urge the immediate cancellation of the certificate of any school teacher convicted of disloyalty.

JOY BROUGHT INTO HOME

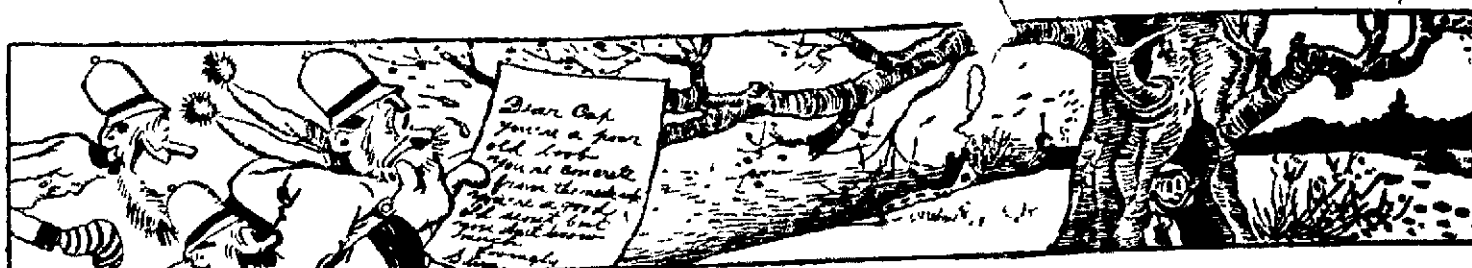

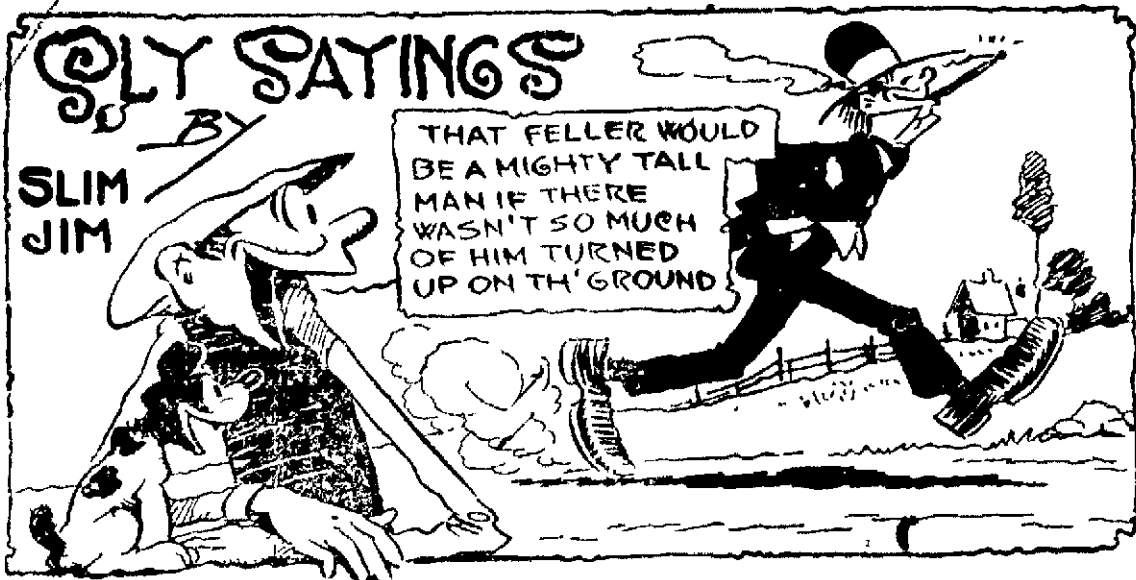

By Lydia E. Pinkham's Vegetable Compound, Restoring Mrs. Benz to Health

Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We have had six children die almost at birth. From one hour to sixteen days is all they have lived. As I was going to have another, I took a dozen bottles of your Vegetable Compound and I can say that it is the greatest medicine on earth, for this baby is now four months old and a healthier baby you would not want. I am sending you a picture of her. Everybody says, 'That is some healthy looking baby.' You have my consent to show this letter."—Mrs. C. W. Benz, 131 3rd Ave., Altoona, Pa.

No woman can realize the joy and happiness this healthy baby brought into the home of Mrs. Benz, unless they have had a like experience.

Every woman who suffers from any ailments peculiar to her sex, as indicated by backaches, headaches, nervousness and "the blues" should not rest until they have given Lydia E. Pinkham's Vegetable Compound a trial.
